## VE210 - ZEPHIR 210 (621U-38.30)

**Name:**

ZEPHIR 210 PINK LATEX GLOVE

**Size:**

6/7 - 7/8 - 8/9 - 9/10

**Colour:**

Pink

**Description :**

Natural latex glove for cleaning applications, cotton flock lining, grip-pattern palm and fingers, indented cuff, length: 30cm, thickness: 0.38 mm. Suitable for contact with food.

**Materials:**

100% natural latex, - pink shade

Flock lining: 100% cotton

**Strong points:**

Waterproof gloves- Textured palm and fingers- Good resistance to ketones and a number of diluted acids- Anatomically designed.

**Instructions for use:**

Protective glove for general use, with low protection against chemical products, without mechanical, thermal or electrical risk. Food compatible glove with dry, humid and fatty foodstuffs for short contact period.

**Limits to use:**

Do not use this glove out of its usage specifications defined in the instructions above. Do not use it against corrosive, toxic or irritant chemicals other than those mentioned above without previous tests. These gloves do not contain any substances known to be carcinogenic or toxic. Natural latex proteins can cause sensitisation and irritation to some people. In this case, stop using the gloves and contact your doctor. Ensure your gloves are intact before using its and replace if necessary. Performance levels are based on the results of laboratory tests, which do not necessarily reflect real conditions in the workplace, due to various other factors, such as temperature, abrasion, dissipation, etc.

**Instructions for storage:**

Keep in its original packing away from light and humidity.

**Instructions for cleaning / maintenance:**

Rinse in cold or warm water and allow drying.

**Performances :**

This glove complies with the European directive 89/686, notably regarding ergonomics, innocuousness, comfort, ventilation and flexibility, with EN420:2003 (dextérité 5), EN388:2003, Mechanical risks (1,0,1,0) and EN374-1:2003. Tested according to EN374-3:2003 determination of permeation resistance, (Methanol : index 1/6, Sodium hydroxyde 40% (NaOH ) : index 6/6, Sulphuric acid (96%) : index 2/6).
